Including post-development stormwater regulations, tree protection ordinance rewrites, residential design standards, permitting procedures, zoning ordinance updates, SPLOST renewals, and transit expansion.

REGIONAL

Convened state transportation leaders, local transit operators, CID Executive Directors, and community development directors to discuss best practices on how to work collaboratively to implement safe and reliable multimodal transportation options throughout the metro Atlanta region.

**ESSENTIAL BUSINESS
DURING COVID**

STATE

Lobbied against efforts to expand the scope of Georgia's Development Impact Fee law which would significantly increase the cost of development.

Advocated for Georgia's A/E/C and real estate industries to be deemed essential businesses amid COVID-19 statewide shelter-in-place order.

Led industry advocacy efforts on a new state interpretation of a fire code to ensure the continuous momentum of Georgia's housing market.

LOCAL

Proposed changes to City of Atlanta's impact fee structure, tree protection ordinance rewrite and post-development stormwater management ordinance.

Represented industry interests with Forsyth County on changes to tree protection and soil erosion ordinances.

Worked with Gwinnett County on residential architectural standards and redevelopment ordinances.
