

CALL FOR NOMINATIONS TO COUNCIL BOARD OF DIRECTORS

TO: Council for Quality Growth Members
FROM: Council Leadership & Nominating Committee
DATE: October 2, 2023

It is that time of year when we formulate our leadership for 2024. As the Council has grown regionally and statewide, we have solidified our position as the recognized voice for the industry on infrastructure and regulatory issues. A critical component to the Council's success is balanced and professional leadership represented by an industry mix, and local, regional and state business leaders. The complex growth issues we all face continue to command visionary and responsible Council leadership.

Please assist the Leadership & Nominating Committee by providing your recommendation for the Council's Board of Directors to serve a two-year term. Collectively, the Directors have the opportunity to determine Council activities, positions, and policies. All nominees should be willing to commit to the Council's Statement of Expectations which includes:

1. Maintain Council membership at the Sustaining (\$2,750) level or above and commit to an appropriate sponsorship level for the Council's only yearly fundraiser, the Four Pillar Tribute;
2. Attend quarterly Board meetings and actively participate in and financially support Council events;
3. Volunteer to serve on at least one task force and be available to lend expertise to special Council initiatives;
4. Support the mission and goals of the organization;
5. Represent the Council in daily business and governmental relations

Please email your nominations to Belle Jones, bj@councilforqualitygrowth.org by Friday, October 27, 2023
